

OLUWAPELUMI ADETOYE

Front End Developer

Ikeja, Lagos • pelumiiadetoye@gmail.com • <https://github.com/misspelz>

SUMMARY

I am a Front-End Web Developer with experience creating responsive web designs to deliver exceptional customer experiences. I am a quick learner and have a strong work ethic. In my spare time, I enjoy researching and testing new technologies. Hands-on project experience building both the front-end and back-end of web apps using React JS, ExpressJS and other frameworks.

EXPERIENCE

ITSkillsCenter, Lagos State

2022 – present

Software Development Program

Intensive Training Program with an emphasis on Front End Web and Mobile App Development

- Developing user-friendly web pages and features to effectively optimize user experience
- Building reusable code that is scalable and optimized in performance
- Debugging web pages with different tools and techniques such as chrome devtools
- Working with the version control system, GIT, to keep track of code
- Utilizing industry best practices for mobile-first and responsive web design
- Participate in team meetings, contributing ideas and solutions

Projects

- ❖ Developed Bloggit, a Tech blog website where the User is able to Create, Read, Update, Share and Delete posts. In addition, I created a Store page where Users can gain access to related Books, add to cart, and make payment using flutterwave.

Technologies used include React JS and Tailwind CSS.
